Bouvier's Law Dictionary, Vol. II, Rawle's Revision. The Boston Book Company, 1254 pp.

Bouvier's work has been revised and elaborated and the development of the law during the last fifteen years especially has been incorporated within it. The last volume of the dictionary gives to lawyers in a completed form not only a book in which may be found definitions of legal terms, but one which is a veritable encyclopedia. The book is a storehouse of learning for the lawyer, the best dictionary that has yet been presented to the bench and bar of this country, and we congratulate Mr. Rawle upon its completion and upon the faithful performance of his arduous task.
